METHOD OF WORK

Using the UK as his base since 2015, Oliver has built a network of industry professionals that he works with regularly. His vision for every project is to bring together talent from around the world to create content that is unparalleled in both quality and impact.

Oliver regularly forms teams for his projects that offer beginning-to-end video production solutions in order to create content and promote brand experiences. As well as heading up his own company, Oliver works as a consultant and DOP for agencies and production houses on all scales, including within television.

In 2018 he collaborated with TV Al Jazeera, directing a number of episodes of Al Mosafer (The Traveler), a new travel series broadcast on Al Jazeera Arabic and produced by Media Pro Network. He also teaches filmmaking and post production techniques through [workshops and on-line courses](#).

CURATED PROJECTS

CLIENT: VENICE CITY HALL

PRODUCTION DATE: 2020-2021

The City of Venice commissioned Oliver and his team to create a video to celebrate the 1600th anniversary since its founding. The project included the on-site production for a TV special broadcasted on RAI (National Italian Television) narrated by the Italian actor and presenter Alessio Boni.

CLIENT: RICOH

PRODUCTION DATE: 2019

To support the global launch of its new flagship Theta Z1 360 camera, Ricoh via CC Les Mains has approached Oliver to conceive a short lifestyle video and a selection of 360 images that could showcase its versatility and ease-of-use.

CLIENT: MERCEDES BENZ / NATIONAL TOURISM ORGANIZATION OF JAPAN (JNTO)

PRODUCTION DATE: DECEMBER 2018 - FEBRUARY 2019

For the launch of the new Mercedes G-Class, Oliver was tasked to create video and photo content of a road trip across Japan. The brief called for a showcase of the G-Class immersed in the contrasts of Japan's ancient traditions and modern, technological prowess.
